### IT'S 10 P.M., DO YOU KNOW WHERE YOUR EYESHADOW IS?

SMOKY EYES ARE SEXY; RACCOON RINGS ARE NOT.

**Splash Proof Sealer/Base** (\$6.99) by LASplash Cosmetics is a secret weapon against shadow smudge and clumps in the crease of your eyelid. Apply a light coat of the base on your lid from lash to eyebrow bone and then brush on eyeshadow while the sealer is still moist.

Shadow stays, and you can play.
